

# Contemporary worship to celebrate Easter

---

Tim Simpson who plays guitar at Cuddington and Haddenham worship has chosen an Easter play list.

One of the things I miss most during this difficult time of social distancing is the opportunity to worship in fellowship with my church family. This feels all the more poignant at Easter, when we would normally be lifting our voices in thankful celebration of the Risen Lord!

Worship is a wonderful, effective way to bring us closer to God, whether through a prayerful song of reflection about Christ's sacrifice on the cross, or an upbeat, jubilant anthem celebrating His resurrection.

Here are 5 of my favourite worship songs that I'm listening to this Easter. I hope you will find something here that lifts your spirit closer to Jesus and provides fellowship through music.
